2021 VIRTUAL VENDOR TABLES

LOOK FOR THESE VENDORS ON THE
FIRST FLOOR IN REMO:

nationalgrid

FOUR EASY TIPS FOR NAVIGATING REMO:

MAKE THE MOST OF YOUR 2021 VIRTUAL SUMMIT

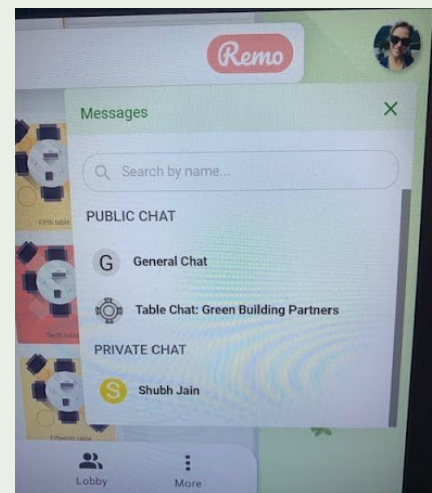

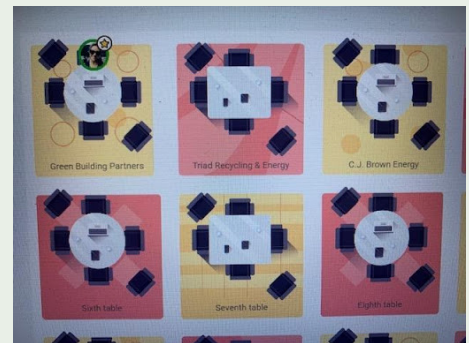

Please use a laptop, choose a Google Chrome web browser, and close all Zoom applications & other browser windows before logging in to Remo. Make sure to use the email address you used to register for the Summit when you login to Remo. Remo has two modes: networking and presentation. Below are some pro tips to help your networking go smoothly:

1. MOVING TO ANOTHER TABLE

When you enter Remo you will be placed at a table at random. Vendor tables have the vendor names in the table title. Double click the center of a table to join it. If the table is already full, you will get a message telling you so. If you'd like to share a video with attendees at your table, please use the table chat function!

2. FINDING ANOTHER ATTENDEE AT THE EVENT

In the chat function (Click "chat" on your control bar at the bottom of your screen), use the search bar to search their name. You can then send them a private chat and ask where they are within the event.

SBR 2021 VIRTUAL SUMMIT REMO GUIDE:

3. UPDATING YOUR VIRTUAL BUSINESS CARD

Click on “My Profile” and then edit, to change your profile photo, add your full name, email address, website and connect your LinkedIn Profile.

4. MOVING BETWEEN FLOORS

Use the “elevator” option to the left-hand side of your screen.

BONUS TIP!

On the right-hand side in the summit floors, you will find a couple of tables named “parking spots”. Please go there if you need to step a way from your computer for a little while during the summit. In the lower left corner you'll find a table named "tech help", go there if you need assistance!

*Please Note: virtual backgrounds are NOT supported on Remo
